Updating the Settings for a Group and Renaming the Group

1.) In a web browser, navigate to portal.office.com and select Outlook.
2.) Under the groups section, select the name of the group you would like to update.
3.) In the right corner of the window, beside the members section of the Group, select the gear
    button for the Group settings.
4.) The Manage group emails option will allow you to edit how group messages are received in
    your inbox.
5.) The Edit group option will allow you to rename the group, change its language settings, and
    change its privacy features.
   a. Note that renaming a group will only change the Display name that appears under
      the Groups section, it will not change the email address that has already been
      associated with the group.
